

TEACHERS ORIENTATION

The teacher orientation for pre-primary, primary and secondary are held at starting of the academic year. The main purpose of the teacher's orientation is to help the new teachers to adjust themselves with the schools teaching pattern. It is integral parts of school system in service education program. The teachers get the opportunity to meet subject expert teachers. They get to know their supervisors and administrators with whom they work. All the three get the opportunity to observe the classes and teach.

Special resource expert guide the teachers for particular subject. The pre-primary guidelines were given for storytelling, planner for whole year, art and craft, specialized students, guidance to encourage creativity and high order thinking to increase student performance.
