## Sub: UNDERTAKING LETTER

Respected sir,

As per your guidelines we are working to fulfill the below mentioned suggested points:

1. **There is a HT line close to school boundary (entry gate), need shifting for safety of students.**

It's a single phase line and not HT line. We have already informed the Electricity department and they are going to remove it.

2. **School needs to develop more of outdoor games facilities for the students.**

As per the SOPs of CBSE, we will develop more of outdoor games as suggested. We have a big play-ground and 2 multi-purpose courts. We also have indoor games facilities which includes Table-Tennis, Chess, Carrom boards etc.

3. **The school has very good infrastructure but need for optimal usages.**

Certainly, it will be done as per the guidance. The school has increased its storage capacity in the laboratories by installing more storages/almairahs as suggested.

Thanking you,  
Yours sincerely,

Manager
